Director of Public Works

LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 40, ANTELOPE VALLEY EMERGENCY REPAIR OF A 10-INCH-DIAMETER WATER MAIN NORTH MAINTENANCE AREA

On September 1, 2010, a leak occurred in the 10-inch-diameter water main in the intersection of Avenue K and 10th Street West in the City of Lancaster, disrupting water service to businesses and adversely affecting vehicular traffic in the area. Williams Pipeline Contractors, Inc., was called to assist the Los Angeles County Waterworks District No. 40, Antelope Valley, to repair the leak. The water main was repaired, and the excavation area was backfilled and paved on September 2, 2010, at an estimated cost of \$125,000.

Williams Pipeline Contractors, Inc., is one of the five as-needed, on-call emergency contractors with contracts approved by your Board on July 1, 2008. We committed to reporting to your Board all emergency repairs carried out under these contracts.
